The normal score are rounded down to 320 points unless your hand satisfies a higher limit pattern.

Patterns are split into sections, each with subsections, for easy finding. When counting score, add up the highest points your hand satisfies for each subsections. Ex. Pure Lesser Terminals wouldn't count for Mixed Lesser Terminals, but can add points for Two-Tailed Terminal Chows.

Chicken hand is only when your hand doesn't satisfies any other patterns aside from having bonus tiles.
