Patterns are split into sections, each with subsections, for easy finding. When counting score, add up the highest points your hand satisfies for each subsections. Ex. Pure Lesser Terminals wouldn't count for Mixed Lesser Terminals, but can add points for Two-Tailed Terminal Chows.

Maximum Limit: There is a "limit" of 320 points. If the hand contains multiple patterns of which values add up to 320 or more, the hand scores 320 points (called a "Compound Limit Hand"). But if the hand contains a pattern which has a listed value of 320 or more (called a "Listed Limit Hand"), it scores the single highest-valued pattern in the hand. (It scores for one single pattern only.
